Versatile and Foolproof!

Looking for a great quilt to learn new skills? Something that looks complicated but is so easy you won't believe it! This quilt has the beauty of tradition, but could be changed up with holiday colors or maybe even patriotic! It's a star with a hidden gem in the background detail. You will learn some fool proof piecing techniques you'll be sure to use on any future quilting project.

Woven Jewelbox Workshop

Saturday, June 22, 2019 | 9am – 4pm | Location TBD

Woven Jewelbox is a fresh modern approach to asymmetrical design. This quilt with its simple piecing makes a dramatic impact with color placement and 60-degree angles. No tedious piecing here! This quilt is a real crowd pleaser.

Semaphore Stripes Workshop

Sunday, June 23, 2019 | 9am – 4pm | Location TBD

Are you looking for a great way to use stripes? The Semaphore Stripes quilt is the perfect way to use striped fabric to make a secondary design without all the complicated piecing stripes typically require, and it's jelly roll friendly! This quilt combines strip-piecing with a few well-placed Y seams to get the most dramatic effect.
